

Request an Interlibrary Loan via a Database Search

1 Click on the resource you're interested in.

The screenshot shows a library database search interface. At the top, there's a search bar with 'artificial intelligence' entered. Below the search bar, there's a navigation menu with 'Advanced search', 'Course Reserves', and 'Resources'. A 'Libraries Worldwide' filter is selected. The search results show 'About 3,800,000 results in Libraries Worldwide'. On the left, there are filters for 'Search Results Display' (Show all, Hide duplicates, Group editions and formats) and 'Expand This Search With' (Related Terms, Book Reviews, News Articles). Below these are 'Held By Library' options. The main search results area displays a list of results. The first result is highlighted with a blue background and a red circle around the title. The title is 'Electronics, computers and artificial intelligence proceedings of the 2015 7th International Conference on Electronics, Computers and Artificial Intelligence (ECAI): June 25-June 27, 2015'. The authors listed are 'International Conference on Electronics, Computers and Artificial Intelligence 7, 2015 Bukarest (VerfasserIn), Universitatea din Pitești (VeranstalterIn), Institute of Electrical and Electronics Engineers Romania Section (SponsorIn), IEEE Industry Applications Society (SponsorIn), ECAI 7 2015\$d2015.06.25-27 Bucharest'. The format is 'eBook 2015' and the location is '[Piscataway, NJ] IEEE 2015'. Below the result, it says 'At other libraries worldwide'. At the bottom, there's a link to 'Worldwide Editions and Formats View All (2)'.
